Memorandum

TO : Assistant Director, ONE

DATE: July 2, 1964

FROM : Acting Assistant Director, ORR

SUBJECT: State and DIA Support of CIA

25X1

Sherm: This is the paper that we sent to Paul Borel that I talked to you about this morning. The first paragraph of this memorandum and Tab B indicate that ONE was sufficiently unhappy with State's contributions on economic sections to request substantial support from ORR. Our research program for FY 65, which [] reviewed the other day, indicates that there will be even more ORR contributions to ONE on this subject during the coming year. Given all the budgetary pressures for reduction in force, it would be helpful to us, and I presume to ONE as well, if your boys could write a stronger paper than they did last time around, outlining the deficiencies in State Department contributions on Free world economies which prompts your need for contributions on these areas from us.
